

EDUCATION

Sri Eshwar College of Engineering	B. E. (CSE)	2025-2028(Lateral Entry)
Nachimuthu Polytechnic College	Diploma (Computer Engineering)	2022-2025
R.G. Matric Higher Secondary School	SSLC	2021-2022

INTERNSHIP

CODEHUB NEXUS | Full-Stack Developer Intern | 2025

- Engineered scalable web applications using the MERN stack and MVC architecture.
- Implemented secure authentication and user management systems while optimizing front-end performance and responsiveness.

VENKTERTECH | CMS Intern | 2024

- Developed custom solutions via WordPress/Strapi, including theme development, plugin integration, and content architecture.
- Streamlined content workflows using PHP and headless CMS API integrations.

VENKTERTECH | Web & Content Creation Intern | 2023

- Designed and deployed responsive, full-stack web applications using HTML/CSS/JS and Node.js/Python.
- Managed RESTful API integration and database operations for functional e-commerce and blog platforms.

PROJECTS

VIRTUAL TAILOR (CUSTOM CLOTH MEASUREMENTS USING COMPUTER VISION)

- Developed a Python (Flask) e-commerce platform using OpenCV and TensorFlow to automate high-accuracy body measurements for remote tailoring.
- Engineered automated logistics with order tracking and integrated real-time notifications via Twilio (WhatsApp) and SMTP (Email).
- Tech Stack: Python, Flask, OpenCV, TensorFlow, MySQL, Twilio, Bootstrap.

VOCALMOOD (REALTIME PSYCHIATRIC VOICE EMOTION DETECTION USING ML)

- Developed an ML-powered application using RNNs for real-time psychiatric emotion recognition from speech signals.
- Engineered a secure data pipeline for mental health monitoring, featuring an intuitive dashboard and automated result reporting.
- Tech Stack: Python, TensorFlow, RNN Models, MySQL, JavaScript, and CSS.

CERTIFICATES

- SQL intermediate & Advanced (Hackerrank)
- Java fundamentals Badge (Oracle java foundation)
- Java Basics (simplilearn)
- Intro to ML, DL and Computer Vision(online Course, IIT Madras).
- Free AWS Certification Course (Online, Intellipaat Academy).

SKILLS

- Programming Languages: Python, C, C++, C#, JAVA, .NET
- Web Development: Flask, MERN
- Cloud Computing Basics (Azure,AWS).
- Graphic design and Animation (Blender, Adobe AfterEffects)

LEADERSHIP

- Students Corporate Ambassador for TnSkills & NaanMudhalvan at Nachimuthu Polytechnic College (2023-25)
